Term 2
Year Six

WOW!

Our unit of learning this term is called

Prejudice

Literacy

In literacy, we'll become thoughtful debaters as we learn to write a balanced argument about the destruction of Edward Colston's statue, exploring different viewpoints and supporting our ideas with evidence.

We'll also explore our class novel, *Once*, stepping into Felix's shoes to write a diary entry that captures his thoughts, feelings and experiences.

Maths

It's fractions term in Maths! We'll explore equivalent fractions, simplify, compare and order them, and build confidence with adding, subtracting, multiplying and dividing fractions and mixed numbers. We'll also find fractions of amounts and put our skills to the test with challenging multi-step problems.

Geography

In Geography, Year 6 will journey across Africa, challenging misconceptions and using compass skills to locate countries. We'll explore its fascinating biomes, varied climates and rich natural resources, discovering how mining affects people and the environment

Science

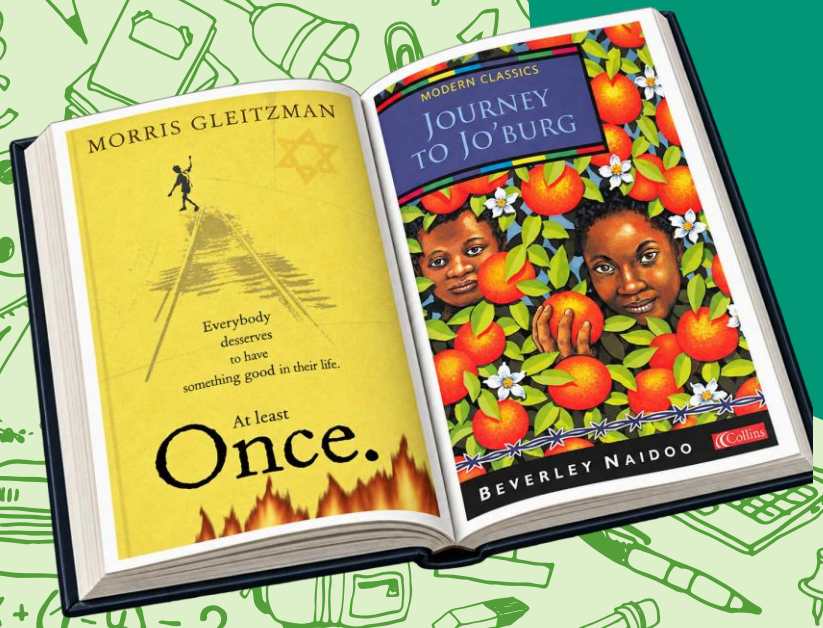
In Science, we'll shine a light on how we see! We'll investigate how light travels in straight lines from sources to our eyes, or bounces off objects before reaching us. We'll also explore reflections in mirrors and discover how shadows form when objects block light.

PSHE

In PSHE, our 'Me and My Relationships' unit will explore what makes a healthy relationship. We'll learn to recognise peer pressure, practise being assertive and explore different types of relationships, identifying appropriate and inappropriate behaviours and how to seek support.

Once Upon A Time

We are reading:
'Once' and
'Journey to Jo'burg'



PE

6D will develop their passing, movement, defending and teamwork skills through Hockey and Handball..

6F will develop their Hockey skills and teamwork. In swimming, they will improve their confidence, technique and water safety

RE

In RE, we'll explore why Ramadan is important to Muslims and how it shapes their daily lives. We'll consider what it means to make a commitment, discover the significance of fasting and learn how Muslims celebrate the end of Ramadan with Eid al-Fitr.

Computing

We are going to learn how the internet works! We'll discover how information travels online and explore the different ways we can communicate, share ideas and work together using technology.

Art

In Art, we'll step into the colourful world of Edward Tingatinga, discovering the origins of his striking paintings. Taking inspiration from his bold colours, patterns and themes, we'll experiment with colour mixing and bring our own imaginative designs to life, refining them as we go.

Dates to take note of:

11th – 13th November Grafham Residential

24th and 26th November Parent's Evening
