

WOW!

WOW day/event
DT project: Chocolate Making
October 1st Trip to Cadbury
World.

Term 1 Year 3/4

Our unit of learning this term is called
"CHOCOLATE"

Literacy

We are going to learn how to write ...

Instructions- Own chocolate product recipe.

Persuasive writing- Advert for own chocolate product.

Scene description- Chocolate spillage.

Maths

We are going to learn all about:

Place Value

Addition and Subtraction

History

We are going to learn how to...

Understand the Aztec civilization involving recognizing the chronology of their history, the distinct roles of social classes, particularly the rich and poor, and the methods they used for written communication. We will compare their daily lives to our own and explore the gods they worshipped, as well as the impact of the Spanish conquest on their culture.

Science

We are going to learn about...

The human digestive system functions to process food, and the various types of human teeth that serve specific purposes. Children will understand that teeth vary among carnivores, omnivores, and herbivores and understand that proper dental care is essential for maintaining healthy teeth.

PSHE

We are going to learn about the...

The rights of the child and why it is important to keep ourselves safe as well as knowing how to keep ourselves safe.

Chocolate

We are reading:
Revolting Rhymes
Charlie and the
Chocolate Factory.

PE

We are going to learn how to...

Play tag rugby.

Create shapes and routines in gymnastics

Complete Athletics skills which involve throwing, jumping, running.

RE/Music

We are going to learn how to...

Know that there are five core beliefs and practices in Islam called the Five Pillars of Islam and that the Muslim declaration of faith is the Shahada. We will know that Salat is praying five times a day and know the key features in a Muslim's place of worship. We will learn that Zakah is giving money to charity and that Sawm is fasting during the month of Ramadan. We will know that Hajj is a pilgrimage to Makkah at least once in a lifetime.

Geography

We are going to learn how to...

Know the differences and similarities between Mexico and England. Learn how chocolate is produced from bean to bar. Know the geographical features of countries near the Equator. Understand that different foods are grown in different climates and know some foods that are grown in the UK.

Art/DT

We are going to learn:

That design criteria is used in product development. We will learn what a net is and how this will be used to create our packaging. As well as this they will know how research is used for product development. We will learn which tools and ingredients would be used to create a chocolate product and the product packaging. We will then use our design criteria to evaluate our product and packaging.

Dates to take note of

- October 1st – Trip to Cadbury World
